Introducing the new SPARKLE UV & DEWDROP RO Water Purification Systems

Alfaa UV, leaders in UV Technology, introduces the new Sparkle Series, a 5 stage water purification system for residential use with super packed features and benefits. Ultraviolet (UV) technology is natural. Chemical free and time tested method of purifying water. UV is ideally used to purify Municipal supplied water.

SPARKLE™
Water Purification System

SPARKLE+™
Water Purification System

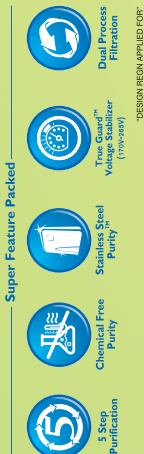

Dimensions in mm (LxBxH) :	240x142x350
Operating voltage :	170 - 265 VAC Power
Rating :	25 W
Flow rate * :	2 litres per minute (max)
Water Pressure** :	0.3 (min.) to 2.8 (max.)Kg/cm ²
Input water iron :	0.3ppm (max)
Input water TDS ideal upto :	500ppm

Sparkle's 5 Step Purification Process:

- 1 INLINE FILTER removes large physical impurities
- 2 SEDIMENT FILTER removes suspended impurities
- 3 CARBON FILTER adsorbs organic impurities
- 4 MICRO FILTER for added protection
- 5 UV PURIFICATION eliminates microbiological impurities like bacteria & viruses

Sparkle Series – Super Feature Packed!

Features	Sparkle	Sparkle+
• Very Compact design with contemporary looks	✓	✓
• 5 Step purity process	✓	✓
• Dual Process Filtration for High performance	✓	✓
• Stainless Steel Purification chamber for safety & hygiene	✓	✓
• FloSteer® Technology for total purification	✓	✓
• Flowrate 2 litres/minute	✓	✓
• Electronic Boiling & Monitoring	✓	✓
• Inbuilt Tru Guard™ voltage stabilizer	✓	✓
• Wall mountable & Countertop option	✓	✓
• Control of water flow through switch	✓	✓
• Loft tank usage without additional pump	✓	

Alfaa Dewdrop RO Water Purifier are an excellent solution to treating ground water having high TDS levels which adversely affects the taste of water and untreated consumption may cause serious Gastrointestinal problems.

DEWDROP 7 STAGE R.O WATER PURIFIER WITH BIOGUARD

- Unique 7 Stage RO with SS UV + BIOGUARD + TDS control
- Counter top & Wall mount Design
- Automatic membrane 'Flush & Wash' facility
- Unique 'Bioguard' Protection to prevent tank recontamination
- Removes hardness, heavy metal contaminants, pesticides, & micro organisms from water.
- Free water test, demonstration & installation offered.

*Above model also available without additional features.

TECHNICAL SPECIFICATIONS OF DEWDROP RO PURIFIER

Model	Alfaa Dewdrop RO with SS UV + BIOGUARD
Type	On-Line, Fully Automatic, Counter Top/ Wall mount 7- Stage RO purifier with Flush & Wash facility & TDS control.
Storage Tank Capacity	8 litres
Production Capacity	8 /15 litre/hour
Duty Cycle	5 Hours
% Recovery	25 - 30%
Dimension (W x D x H)	300 mm x 250 mm x 410 mm
Power	24 Watts
Minimum Pressure	0.2Kg/cm ²
Max Pressure	4 Kg/cm ²
% Reduction in TDS	90-95%
Operating Voltage	170 - 230 V AC 50 Hz
Maximum TDS in Input Water subject to hardness being less than 400 ppm	1500 ppm

Under-The-Sink RO with storage tank also available.

Model Specifications are likely to change due to continuous product improvement.
